

DATE: August 3, 2007
TO: Genesee Foundation Board of Directors
FROM: Anne Sherwood
SUBJECT: Communications Report
8/8/07 Board Agenda Item III

Since the last Board meeting, the following resident communications to the Board were received:

- Email from Char Weiman on July 12, 2008 expressing concern about the intersection of Genesee Vista and Genesee Ridge. She requested that the Board consider options to improve the visibility for drivers turning left of Vista onto Ridge. (Anne Sherwood responded with comment that the answer is aggressive and consistent education and enforcement of speed limits.)
- Email from Scott Anderson forwarding his letter to the Genesee regarding conclusions drawn from the security patrol survey results. (Acknowledged by Anne Sherwood with comment that the Board plans to do a comprehensive summary of and response to all resident comment on the results of the survey.)
