

# MEMORANDUM

To: Genesee Foundation Board Members

From: William P. Stanton

Subject: **Agenda Item VI-C-6, Inter-Board Liaison Report**

Date: February 14, 2007

---

Bruce Strand has scheduled the next Genesee Mountain Inter-Board workshop meeting for March 26 at the Genesee Firehouse Meeting Room between 7:00 and 9:00 pm.

The agenda will most likely include an update on the Genesee Water & Sanitation District's RCC dam project; an update on development of the "Air Force Property"; a discussion of I-70 noise abatement efforts; a discussion of upgrading the entrances to Genesee Mountain (safety and aesthetics); and a discussion on improving property values.

All elected board members of HOA's, commercial associations, special districts, and their operating managers are welcome. In addition, any individual appointed by a board to attend on behalf of them, is welcome. Furthermore, elected state, county or federal representatives of our district are welcome.

The purpose of these workshops is to help:

1. Expand communication and understanding of neighborhood and inter-district agendas,
2. Engage multiple view-points on matters of community importance,
3. Inspire ideas, and
4. Encourage initiatives that make our neighborhoods more safe and pleasant places.
